

# Core Elements of Hospital Antibiotic Stewardship Programs: Assessment Tool

The antibiotic stewardship program assessment tool is a companion to *Core Elements of Hospital Antibiotic Stewardship Programs*. This tool provides examples of ways to implement the Core Elements. The Core Elements are intended to be an adaptable framework that hospitals can use to guide efforts to optimize antibiotic prescribing. Thus, not all of the examples listed in the Core Elements (and below) may be necessary and/or feasible in all hospitals.

The assessment tool can be used on a periodic basis (e.g., annually) to document current program infrastructure and activities and to help identify items that could improve the effectiveness of the stewardship program. Consider listing specific details, such as points of contacts or facility-specific guidelines with the date, in the “comments” column as reference for the antibiotic stewardship team.

CORE ELEMENTS OF HOSPITAL ANTIBIOTIC STEWARDSHIP PROGRAMS: ASSESSMENT TOOL		ESTABLISHED AT FACILITY	COMMENTS
<b>Hospital Leadership Commitment</b>	1. [Priority Example] Does facility leadership provide stewardship program leader(s) dedicated time to manage the program and conduct daily stewardship interventions?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
	2. [Priority Example] Does facility leadership provide stewardship program leader(s) with resources (e.g. IT support, training) to effectively operate the program?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
	3. [Priority Example] Does your antibiotic stewardship program have a senior executive that serves as a point of contact or “champion” to help ensure the program has resources and support to accomplish its mission?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
	4. [Priority Example] Do stewardship program leader(s) have regularly scheduled meetings with facility leadership and/or the hospital board to report and discuss stewardship activities, resources and outcomes?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
	5. Does your facility leadership ensure that staff from key support departments and groups have sufficient time to contribute to stewardship activities? (refer to Core Elements for key support staff)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
	6. Does facility leadership ensure that antibiotic stewardship activities are integrated into other quality improvement and patient safety efforts, such as sepsis management and diagnostic stewardship?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	

**CORE ELEMENTS OF HOSPITAL ANTIBIOTIC STEWARDSHIP

**ESTABLISHED  
AT FACILITY**

**COMMENTS**

**Hospital  
Leadership  
Commitment**

7. Does facility leadership support enrollment and reporting into the National Healthcare Safety Network (NHSN) Antimicrobial Use and Resistance (AUR) Module, including any necessary IT support?

☐ Yes  
☐ No

*They would beat our current EHR is phasing out and we will be switching to EPIC so feel this would be a better time to start reporting*

8. Other example(s):

☒ Yes  
☐ No

**Accountability**

1. Does your facility have a leader or co-leaders responsible for program management and outcomes of stewardship activities?

☒ Yes  
☐ No

- a. If a non-physician is the leader of the program, does the facility have a designated physician who can serve as a point of contact and support for the non-physician leader?

☒ Yes  
☐ No  
☐ NA

2. Other example(s):

☐ Yes  
☐ No

**Pharmacy  
Expertise**

1. Does your facility have a pharmacist(s) responsible for leading implementation efforts to improve antibiotic use?

☒ Yes  
☐ No

2. Does your pharmacist(s) leading implementation efforts have specific training and/or experience in antibiotic stewardship?

☒ Yes  
☐ No

3. Other example(s):

☐ Yes  
☐ No

**Action:  
Implement  
Interventions  
to Improve  
Antibiotic Use**

1. [Priority Example] Does your facility perform prospective audit and feedback for specific antibiotic agents?

☒ Yes  
☐ No

2. [Priority Example] Does your facility perform preauthorization for specific antibiotic agents?

☒ Yes  
☐ No

3. [Priority Example] Does your facility have facility-specific treatment recommendations, based on national guidelines and local pathogen susceptibilities, to assist with antibiotic selection for common clinical conditions?

☒ Yes  
☐ No

PROGRAMS: ASSESSMENT TOOL**

**ESTABLISHED  
AT FACILITY**

**COMMENTS**

**Action:  
Implement  
Interventions  
to Improve  
Antibiotic Use**

4. Does your facility have specific interventions (e.g., ensuring correct discharge duration of therapy) to ensure optimal use of antibiotics for treating the most common infections in most hospitals?

a. Community-acquired pneumonia

☒ Yes

☐ No

b. Urinary tract infections

☒ Yes

☐ No

c. Skin and soft tissue infections

☐ Yes

☒ No

5. Does your facility have specific interventions in place to ensure optimal use of antibiotics in the following situations?

a. Sepsis

☒ Yes

☐ No

b. *Staphylococcus aureus* infection

☐ Yes

☒ No

c. Stopping unnecessary antibiotic(s) in new cases of *Clostridioides difficile* infection (CDI)

☐ Yes

☒ No

d. Culture-proven invasive (e.g., blood stream) infections

☐ Yes

☒ No

e. Review of planned outpatient parenteral antibiotic therapy (OPAT)

☒ Yes

☒ No

6. Does your facility have a policy that requires prescribers to document in the medical record or during order entry a dose, duration and indication for all antibiotic prescriptions?

☐ Yes

☒ No

7. Does your facility have a formal procedure for all prescribers to conduct daily reviews of antibiotic selection until a definitive diagnosis and treatment duration are established (i.e. time out)?

☐ Yes

☒ No

Some of our patients come from facilities who have ID doctors and our pharmacist does not review these

**CORE ELEMENTS OF HOSPITAL ANTIBIOTIC STEWARDSHIP  
PROGRAMS: ASSESSMENT TOOL**

**ESTABLISHED  
AT FACILITY**

**COMMENTS**

**Tracking  
Antibiotic Use  
and Outcomes**

8. Does your antibiotic stewardship program assess how often patients are discharged on the correct antibiotics for the recommended duration?

☐ Yes  
☒ No

*want to start*

9. Does your antibiotic stewardship program track antibiotic resistance by submitting to the NHSN Antimicrobial Resistance (AR) Option?

☐ Yes  
☒ No

10. Does your antibiotic stewardship program track CDI in context of antibiotic use?

☐ Yes  
☒ No

11. Does your facility produce an antibiogram (cumulative antibiotic susceptibility report)?

☒ Yes  
☐ No

*monthly*

12. Other example(s):

☐ Yes  
☐ No

**Reporting  
Antibiotic Use  
and Outcomes**

1. Does your antibiotic stewardship program share facility and/or individual prescriber-specific reports on antibiotic use with prescribers?

☒ Yes  
☐ No

*Physician's report card monthly*

2. Does your antibiotic stewardship program report adherence to treatment recommendations to prescribers (e.g., results from medication use evaluations, etc)?

☐ Yes  
☒ No

*would like to start*

3. Has your facility distributed a current antibiogram to prescribers?

☒ Yes  
☐ No

4. Other example(s):

☐ Yes  
☐ No

**Education**

1. Does your stewardship program provide education to prescribers and other relevant staff on optimal prescribing, adverse reactions from antibiotics, and antibiotic resistance?

☒ Yes  
☐ No

2. Does your stewardship program provide education to prescribers as part of the prospective audit and feedback process (sometimes called "handshake stewardship")?

☒ Yes  
☐ No

3. Other example(s):

☐ Yes  
☐ No

9. Other example(s):

☐ Yes

☐ No

10. Other example(s):

☐ Yes

☐ No

11. Other example(s):

☐ Yes

☐ No

**Tracking  
Antibiotic Use  
and Outcomes**

1. [Priority Example] Does your antibiotic stewardship program track antibiotic use by submitting to the National Healthcare Safety Network (NHSN) Antimicrobial Use (AU) Option?

☐ Yes

☒ No

2. [Priority Example] Does your antibiotic stewardship program monitor prospective audit and feedback interventions by tracking the types of interventions and acceptance of recommendations?

☒ Yes

☐ No

3. [Priority Example] Does your antibiotic stewardship program monitor preauthorization interventions by tracking which agents are being requested for which conditions?

☐ Yes

☒ No

4. [Priority Example] Does your stewardship program monitor adherence to facility-specific treatment recommendations?

☐ Yes

☒ No

*want to start this*

5. Does your stewardship program monitor adherence to a documentation policy (dose, duration and indication)?

☐ Yes

☒ No

*want to start this*

6. Does your antibiotic stewardship program monitor the performance of antibiotic timeouts to see how often these are being done and if opportunities to improve use are being acted on during timeouts?

☐ Yes

☒ No

*want to start this*

7. Does your antibiotic stewardship program routinely perform medication use evaluations to assess courses of therapy for select antibiotics and/or infections to identify opportunities to improve use?

☒ Yes

☐ No

## Notes

We recently hired another technician which will give some more time to tracking adherence and education to ~~the~~ physicians and nursing staff. We would also like to bring our antimicrobial stewardship to our clinic as well but need some help in seeing how we would start this.
